Well, everything is fine here I guess, but it is so cold. We can't hardly get out of the barracks, but we got to. Everything is froze up and it's getting colder, but I guess it will warm up, I hope so. We get to go out tomorrow and stay out all night. Well, I wanted to see you all too, but it rained so much to go any where. Maybe I will get to come home (in) a year, but I think it will have to be after it (is) over. We are going across pretty soon, but we can't say when. We might not go, we have been ready to go a lot of times and haven't went yet. Be good. You better try and save a little money because after the war is over, it won't be so easy get then.

Write to me. Bye.

Love to all.
