Dear Mom & Family:-

I've received two letters from you dated Oct 13 and 19th with Uncle's letter on the inside I would have answered them sooner but I didn't have the time.

I am now ~~in~~ somewhere in Germany. Everything is still all right and so you needn't worry. Don't come with me and he sends his love & regards. He's been watching over me and seeing that nothing happens. I've received a letter from Uncle and also Angie so tell them when you get time I'll write.

So Uncle & our bus on his way over we'll be ll have to come a long way to see me. When they pick us back to a rest camp, I which I would bump into him. Better send his address tho cause I don't know it. I wrote to Uncle from "Beth" but as yet I haven't heard from him.

We'll I guess I'll shore now and hope this finds all in the best of health. Write soon and I'll send answer the first chance I get.

Love & kisses to all
 Your Son & Bro

Dear Mom and family,

I've received two letters from you dated Oct. 13 and 19th with Mike's letter on the ?? side. I would have answered them sooner but I didn't have the time. I am now somewhere in Germany. Everything is still alright and so you needn't worry. Dave (*one of his close friends*) is with me and he sends his love and regards. He's been watching over me and seeing that nothing happens. I've received a letter from Millie (*his sister*) and Angie (*his niece*) so tell them when I get time I'll write.

So Andrew (*nephew in the service*) is on his way over, well he'll have to come a long way to see me. When they pull us back to a rest camp I ?? I would bump into him. Better send his address ?? cause I don't know it. I wrote to Mike from "Bel" (*Belgium*) but haven't heard from him.

Well, I guess I'll close now and hope this finds all in the best of health.

Write soon and I'll answer the first chance I get.

Love and kisses to all

Your son and brother

Frank
